Provo, Utah 84601

Dear Michael:

I just want to take this opportunity to thank you for all that you have done for us. I think that I can say, without reservation, that your organization has been pivotal in our success.

As you know, we are currently using the CleanTelligent software in our Denver and Salt Lake City operations. Not only are we thrilled with this product, but our customers are delighted with the product as well.

With the CleanTelligent software we are able to get an accurate picture of how we are doing, and where we need to make improvements, within our organization. We really cannot imagine doing business without this information.

The CleanTelligent software program was a major component in our proposals to Salt Lake City and the City of Denver. They were both very impressed with the program and the capability that it has to increase communication between the Customer and the Contractor. Our customers have indicated that the addition of the CleanTelligent software program was a key factor in their decision to select BG Service Solutions as their contractor. We have clearly seen an increase in our sales since we began using the CleanTelligent software program. **Total revenues within our division have more than doubled in the past two years, and we credit our success to the addition of CleanTelligent to our cleaning operations.**

We wholeheartedly endorse your program, and would be happy to answer questions for any of your prospective clients (Just make sure they are not competing against us). Thanks again for all that you have done for us.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Scott Murray', with a long horizontal flourish extending to the right.

Scott Murray
Airport Division Manager
